

Engineer /Fabrication  
JOB SPECIFICATION

REF NO: 0303 VSP

QUALIFICATION: MECH DIP

EXP: 5 Years

: Preparing Fabrication & Nozzle Orientation drawings of Storage Tanks, equipment Layout, Plot Plan, Piping GA drawings, Isometric and P&ID drawings, Operating Platform & ladder drawings, piping study drawings/sketches, Review/checking of vendor drawings. Must have experience of operating drafting software AUTOCAD/CAD Works/Tekla. Develop Design & detailed Drawing.

Planning and document control for compliances with the contract and also for our own internal controls.

Incorporation of BOM including Mechanical, Civil, Pipellectrical.

Interpretation of all drawings, specifications, codes and procedures.

Conceptualising detailed project reports & project execution plans; establishing and monitoring time span of project execution.

Prepare procurement schedules from material specification till purchase order and material receipt with Material Requisition (MR) prepare.

Monitoring design status during the course by periodic project review meetings; reviewing the tender documents and supplying inputs for the contract agreements between the company and its subcontractors whereby the company interests are protected and income optimized.

Review and advice on action required for recovery on procurement & job progress schedule from the contractors.

Maintaining close contact with Client throughout the project to ensure satisfactory reaction to Client's needs or criticisms.

Reviewing the designs submitted by design consultants and finalizing the basic and detailed engineering designs and drawings.

The Dynamic professional experience with OISD Inspection of IOCL, Jaipur Project Testing & Commissioning for Overall Project Finalizing Systems & Tanks.

PLACE: CHHANI, VADODARA, 390002

Engineer / Fabrication  
JOB SPECIFICATION

REF NO: 0305 VSP

QUALIFICATION: MECH B.TECH

EXP: 5 Years

: Fabrication and Erection of conveyor galleries, transfer towers and supporting structures.

Technological structures Erection. Drawing Control and Clarification.

Equipment assembly/Erection Commissioning

Coordination with UTCL Officials. Fabrication of Structural Steel 1200MT.

Erection and Commissioning of Screen's and

Crusher. Erection and Commissioning of Apparon Feeder below the Storage

Bin. Erection and Commissioning of Bag

Filter's Erection and Commissioning of Motor's, Gear Box's and Pulley's.

Prepare the protocol and submit to Client.

Supervising execution of all jobs for project like Fabrication of Structural steel, Erection of Structural Steel, Belt

lagging and Belt Joint, handling the workforce & bill checking of contractor,

creating Erection schedule  
PG Test for Coal Handling Plant. Billing for monthly RA.

Project Engineer/ Fabrication

JOB SPECIFICATION

REF NO: 0306 VSP

EXP: 6 Years

- : : Establishing various implementation strategies for achievement of the project targets.
- : : Overseeing project activities from conceptualization to execution including finalization of technical specifications, procurement / supply of raw materials, stage inspections, scheduling, progress monitoring, site management and manpower planning.
- : : Studying drawings, plans or patterns of structures to be made as per requirements. Preparing fabrication drawings for manufacturing various components. Generating wiring diagrams / schedules and studying the bill of material.
- : : Planning for day-to-day production related activities, production schedules and allocating work for achieving monthly production targets.
- : : Taking stringent quality measures including preparation / maintenance of necessary documents to ensure compliance with standards & customer requirements.
- ! : Developing mechanical maintenance and operations procedures to increase the efficiency; implementing standards and ensuring adherence to quality standards.
- : : Providing motivation & training to the team for ensuring optimum performance, design & implementation of performance management system for all the team members.
