

REF.NO. 226 IT

Ø Software Developer

QUALIFICATION: MCA., Oracle Certified Professional

EXP: 4 Years

SOFTWARE SKILLS :

Operating System	: Win98/2000/NT/XP, Linux.
Languages	: Java.
J2EE Technologies	: JSP, Servlets, JDBC, EJB, JMS, Java Mail.
Application/Web Servers	: Weblogic, Apache Tomcat and JBOSS.
IDE/Tools	: Eclipse, log4j, ANT, CVS and Junit.
Database	: Oracle, MySQL.
Markup Languages	: HTML, XML.
Framework	: Struts, Hibernate, spring, JSF.

PROFESSIONAL SKILLS:

- Ø 3.8 years of IT experience in development of Web based and Distributed applications.
- Ø Good Implementation Knowledge in JSF, Struts2.0, Spring Frameworks.
- Ø Knowledge in XML (DTD, Schema, SAX, DOM, XSLT).
- Ø Knowledge in Web Services.
- Ø Knowledge in J2EE Design Patterns.
- Ø Hands on Experience in Java, HTML, J2EE (JDBC, Servlet, JSP).
- Ø Hands on Experience in Struts, Hibernate.
- Ø Hands on Experience in Tomcat, Web Logic.
- Ø Hands on Experience in Oracle, MySql.

REF.NO. 231 IT

Ø Regional Manager IT

QUALIFICATION: MCA., and Certified Ethical Hacking EC-Council (CEH), Check Point Certified Security Administrator (CCSA), ITIL v3 Certified and Certified Information Security Expert(CISE), Cisco Certified Network Associate (CCNA) .

EXP: 9 Years

Ø NETWORKING:

TCP/IP, configure & troubleshooting Cisco router & switch and other vendor routers & switches. Configuration VLAN, ACL, NAT, MPLS, LAN & WAN with Internet Broadband .Configure DNS ,DHCP ,Rack setup, VoIP Network Monitoring , VPN, Both client & Server Mode.

Ø SECURITY :

Configure and Managing Firewall like - Watch Guard, Fortigate Check Point, SonicWall , Netgear as well maintain log, QoS etc. Implement VPN communication and VPN client. Used security tools like Nessus, Wireshark, snort ,Nmap, Cain & able ,ettercap and many more

Ø WIRELESS NETWORKING:

Survey tools Garmin GPS, Netstamper, Configured ,Deployed & Trouble shooted Access Controller like- Colubrise, Eion, etc. RF Point to Point and Point to Multipoint link with base-station and CPE used different type of Radio- like Radwin ,Maksat, EION Motorola and WIMAX Libra Plus etc. Access Point likes Colubrise 300,320 & other Device like Cisco Linksys, SMC, Netgear, D-Link & other outdoor devices. D-link Wireless Print Server.

Ø PLATFORMS

Windows 2000, 2003, 2008 Server and Professional, Windows XP, Windows 7, buntu Server & Desktop ,VMware Server-ESX 4.1 , VMware vSphere Server & Client, Hypervisor ,Open Stack and RHEL4 etc.

Ø SOFTWARE & APPLICATIONS:

MS Office, Visio, SAP ECC 6, MS Project, VMware workstation8, VNC, Teamviewer, Antivirus & Utilities-Norton ,Quick Heal, McAfee, Adobe Acrobat, Partition Magic, Adware, Spyware, Malware, Virus-Removal OpenSSL, C , Oracle, MySQL, DHTML ,Visual Basic etc.

Ø PROFESSIONAL SUMMARY:

With 9 + Years Of Experience In IT/Telecom Industry, I Have Acquired A Tremendous Amount Of Hands On And Gain IT Infrastructural, Technical Project Management And Business Development Knowledge. My Current Objective Is To Apply My Technical Knowledge, Project Management and Business Development Skills To Help Lead A Competitive Growing Company To A New Level Of Success And Guide Them Towards A New Age Of Advanced Technology

REF.NO. 232 IT

Ø IT Supervisor

QUALIFICATION: B.C.A

TECHNICAL QUALIFICATIONS:

- Ø Microsoft Certified System Engineer (MCSE)
- Ø Cisco Certified Network Associates (CCNA)
- Ø Red Hat Enterprises Linux (RHEL 5.1)
- Ø Microsoft Exchange Server 2003
- Ø Diploma In Hardware & Networking
- Ø Certified from government of India sponsored by Industrial Training Institute (ITI) in
- Ø Computer Hardware Technology, Raichur

EXP: 8 Years

#### PROFESSIONAL SKILLS

---

Operating Systems: Windows 2000/2003, Win XP, Ms DOS & Redhat Linux  
Networking Devices: Routers, Switches, Modems, Hubs.  
Protocols & Systems: TCP/IP, VPN, Dial-up, VLAN, WAN  
Hardware: Troubleshooting and general repairs of PC Hardware.  
Academic Project : Automation of CET CELL Management System, using  
Front end Visual basic 6.0 & back end Oracle 8.

#### Job Responsibilities

- Ø Build the enterprise resource planning (ERP) Structure for Noble hospital & Research center.
- Ø Configure the Network infrastructure system for Pharmacy, X-ray, Physiotherapy and many more.
- Ø Managing the data base system & Portal for Noble Hospital & Research center.
- Ø Providing the internet access to internal users.
- Ø Handling all user site problem.
- Ø Microsoft outlook configuration and troubleshooting.
- Ø Installed & Configured the hospital application, tools, Mailing communication.
- Ø Troubleshooting the Network, Systems, Printers & Scanners.
- Ø Maintaining the Patients details in noble portal.
- Ø Submitting the weekly and monthly report to higher management
- Ø Installing, Supporting, Administering Local Area Network (LAN). Maintaining, Routers, Switches & Access Point, Wire less Network, Juniper Firewall.

#### PROFESSIONAL QUALIFICATION: -

- Ø Completed training for Microsoft Certified System Engineer (MCSE) from ZOOM Technologies India Pvt. Ltd., Hyderabad.
- Ø Completed training for CCNA from ZOOM Technologies India Pvt. Ltd., Hyderabad.
- Ø Completed training for MS-Exchange Server 2003 from ZOOM Technologies India Pvt. Ltd., Hyderabad.
- Ø Completed training for Diploma in Hardware & Networking from ARC Institute of Information Technology. Raichur.
- Ø Certified from government of India sponsored by Industrial Training Institute (ITI) in Computer Hardware Technology, Raichur

REF.NO. 233 IT

Ø Application programmer, Support system Administrators

QUALIFICATION: Bachelor of Science In Information Technology

EXP: 4.6 Years

#### TECHNICAL SKILLS & RESPONSIBILITY

- Ø Procedure, Function, Trigger, Package
- Ø Collection & Records, Cursor and Ref Cursor in PL/SQL.
- Ø Writing difficult SQL Queries and develop forms using form 6i, 10g& Report 6i, 10g.
- Ø System Testing and Manual Testing
- Ø Writing Specification, Test Plan and Test Result.
- Ø Develop Applications for both frontend and backend.
- Ø Sound Knowledge of Ms office, tally, FoxPro and database base concept.
- Ø Coordinates various office support services, including purchasing, facilities management and maintains employee database records.
- Ø Performs a variety of Internet research functions and uses word processing, spreadsheet and presentation software, Completes information analysis for procedures and reports
- Ø Conducts research and gathers documentation in order to compile comprehensive reports.
- Ø Tracks an order from its placement until the product is received. Good communication, computer, typing and alphanumeric data entry skills.

REF.NO. 234 IT

Ø Network and System Administrator

QUALIFICATION: B-Tech in Electronic & Communication Engineering

EXP: 2 Years

KEY QUALIFICATIONS :

- Ø Over 2 year progressive experience in computer networks administration and Desktop Support Engineer
- Ø CCNA, and MCSE did my courses in Zoom Technologies.
- Ø Proven record of establishing network specifications by conferring with users
- Ø Proficient in designing, implementing and maintaining enterprise load balancing solutions

Roles and Responsibilities:

- Ø CCNA router & switch configuration.
- Ø Network performance, network operations security management, fault tolerance, monitoring / surveillance
- Ø Provides problem solving support to networking issues in the environment and continue to make modifications to the infrastructure to support new business requests.
- Ø Configure virtual LANs using vtp protocol and inter VLAN routing using multi layer switch.
- Ø Configure isdn connections to enable a backup to a permanent connection
- Ø Installation, configuration of Desktop PC and configuring to domain network.
- Ø Installation, configuration of different printer in network domain and troubleshooting the issue related with printers.
- Ø Troubleshooting the Issues and monitoring the system performance.
- Ø Installation and configuration of Windows 2003 & 2008 SERVER.
- Ø Configuration of domain with DNS and Active directory services.
- Ø DHCP Server configuration.
- Ø IIS server for http and ftp services.
- Ø Creating users and their respective home folders and assigning rights and Permissions, group.
- Ø Software Package Installation centrally through Software Deployment (. msi)
- Ø Configuration of ISA server for internet sharing.
- Ø Configuration of Terminal service Configure and Troubleshoot a Virtual Private Network (VPN).
- Ø Installation and configuration of anti-virus server using e-scan and remote.
- Ø Configuration of exchange server 2010&2003

REF.NO. 235 IT

Ø SR. SYSTEM ENGINEER

QUALIFICATION: B.Tech/Computers, Microsoft Certified Professional (MCP) : Server 2008

EXP: 4 Years

Skill Set :

Windows Server OS	:	Windows Server 2003,2008 Family.
Windows Client OS	:	Windows 8/7/XP.
Microsoft Technologies	:	AD, DC, DHCP, DNS & MS-Outlook.
Networking Devices	:	NIC's, Modems, Switches and Routers.

Profile Summary :

- Ø About 4 years of experience as Sr.System Engineer.
- Ø Installation / Setup / Configuration / Troubleshooting of LAN Equipment.
- Ø Brief Configuration knowledge of routing protocols such as RIP, IGRP EIGRP, and OSPF
- Ø Strong experience in routing, switching, wireless, load balancers, and Cisco Platform Certification.
- Ø Networking Protocols.
- Ø Install software, maintain and introduce training as needed.
- Ø Strong hands-on knowledge on Windows AD/ OS implementation and configuration in enterprise.
- Ø Strong design knowledge of Windows environment.
- Ø Worked on scheduled services and server maintenance works.
- Ø Resolving IT issues through remote and phone support
- Ø Extensive knowledge of Windows OS versions 2003/2008 and Active Directory.
- Ø Area of expertise mainly includes Administration & management of DNS ,DHCP.
- Ø Experience in installation and configuration of networks (LAN/WAN), hardware / software installation, maintenance, debugging & troubleshooting and network user management.
- Ø Excellent interpersonal skills, ability to work as an individual and well as in team
